

Vijay Chamyal

B.Tech, Electrical Engineering | IIT Indore | CGPA: 8.49

Email: your-email@example.com | Phone: +91-XXXXXXXXXX | GitHub: github.com/vijaychamyal |
Codeforces: vijay_chamyal

Education

- 1 Indian Institute of Technology Indore (2024–2028)
- 2 B.Tech in Electrical Engineering | CGPA: 8.49

Technical Skills

- 1 Python, C++
- 2 PyTorch, NumPy, Pandas
- 3 Transformer Architectures, RAG, Deep Learning
- 4 Git, GitHub, Jupyter Notebook

Projects

- 1 GPT-Style Decoder-Only Transformer From Scratch (PyTorch): Implemented masked self-attention, positional embeddings, feed-forward blocks, residual connections, and autoregressive generation.
- 2 GDG AI Project (PS1): Developed AI/ML components, data processing workflows, and model experimentation pipelines.
- 3 AI Chatbot Team Project: Contributed modules within the Vijay component and collaborated via GitHub workflows.

Positions & Communities

- 1 Member, Cynaptics (AI/ML Club), IIT Indore
- 2 Member, AI/ML Division, GDG IIT Indore

Achievements

- 1 Secured 2nd Position in Winter Projects for Smart Automated Parking and Safety Management System (AutoSlot Squad), IIT Indore.
- 2 Codeforces Rating: 993
